

2016-17 Project Leaders

Project Leaders are volunteers who have agreed to serve as guides to youth for various projects. For the “County” list, volunteers are willing to help any 4-H member in the county. If a volunteer prefers to help only those members in their respective clubs, they are listed specifically by club. If you do not see your project listed, contact your local Club Leader or the Extension Office. Additional contact for any of these individuals may be obtained through the Extension Office.
