Join 4-H Today

Did you know 4-H is the largest youth organization in America? As we celebrate National 4-H week, we want to encourage youth ages 7-18 to get involved. 4-H teaches youth life skills and helps prepare them to be future leaders of our communities. There are many different project opportunities for youth. The shooting sports and photography projects are the two largest in our county. Projects range from cooking, baking, arts and crafts, to woodworking and to pets. There are endless possibilities for projects in 4-H as there is a self-determined project that can truly be anything imaginable.

We have six community 4-H clubs in Wabaunsee County. These clubs meet once per month and plan activities and conduct a business meeting using parliamentary procedure. They also feature the youth in giving project talks.

Wabaunsee County offers a Cloverbuds program that is for 5 & 6 year olds. They have monthly meetings, that are fun and educational and they end with a snack. Once a youth is age 7, they are able to join a club and become a 4-H member.

4-H has been positively impacting youth and families for over 100 years. For more information and to find out how you can get your family involved, contact the Wabaunsee County Extension Office at (785) 765-3821. We are also looking for volunteers to serve as project leaders. You can help grow the future leaders! If you are interested, please contact the Extension Office. Get involved in 4-H today!
